Let your Summer begin on  
A Good Note

## Online Learning for Middle & High School Students

**BETC Jump  
Start to Summer**  
a prescriptive learning program

Research shows that students are at risk for losing more than two months of what they learned during the summer.

Teachers spend between two to six weeks at the beginning of each year re-teaching material that students have forgotten.

Let B.E.T.C. Jump Start Your Child's School Year with Our Proven Programming!

**BETC Jump Start to Summer**  
a prescriptive learning program

"We meet your child where they are and design programming specific to their needs"

**Do you want your own personalized education?**

- Experience real improvement
- Prevent the Summer Brain Drain
- Personalized Instruction
- Live Sessions
- Complete Tutor Attention

**BETC - JS - Process**

**Learning Styles Analysis**

Everyone can learn, but everyone learns in different ways. Learning Styles Analysis is designed to enhance educational success by discovering how students learn and study effectively.

**Outcome Measures**

- Students will be able to improve academic performance
- Student will be able to identify learning needs and environments that are most conducive for learning
- Students will be able to identify and deal with barriers to their success
- Students will demonstrate gains in their knowledge of technology and usage of various technology tools

**Evaluation Process**

- Staff will track academic progress and report findings to all parents
- Staff will track and report all student activities

**Assess**

Identify student strengths and weaknesses through initial assessments, then target curriculum to the student.

**Prescribe**

Let **BETC - Jump Start (JS)** courseware prescribe lessons to each student based on assessments.

**Instruct**

Our direct instruction approach to mastery uses Study Guides, Practice Exercises, Mastery Tests, and Essays to instruct students.

**Report**

Reporting is available on all aspects of student activities, performance, and standards attainment.

**BETC - JS - Curriculum**

While the **JS** courseware addresses student needs in Mathematics, Reading, Language Arts, Process Writing, Science, and Social Sciences, **JS** offers courseware to meet additional needs as well.
